People Who Were Weak and Ailing Now Have Firm Muscles, Steady Nerves, Clear Heads and Enjoy a New Outlook on Life

If You Are All Run Down, if You Lack Energy and Feel "All In," Make One Trial of Lyko, the Great General Tonic. Learn How it Braces Up a Tired Body

"How do you feel, today?" That's the question you hear so often—the interested inquiry about one's health. And how often you hear the reply, "Oh, I am all down and out." Very likely you, yourself, have used those words time and again.

A close observer has said that fully seven out of ten Americans are below normal in bodily vigor when we really should be the hardiest, strongest people on earth.

Of course a good many of those who complain are feeling the effects of recent illness, or they have been overworking or worrying over troubles. Others have the American habit of overdoing everything, working intensely, playing intensely, staying up late, putting a constant strain on every nerve and muscle. No wonder we meet so many tired, run-down people.

But now, thanks to Science, which has given the world Lyko, the great general tonic, those who have lost their vim and vigor can quickly recover health and strength and enjoy again the firm muscles, steady nerves and buoyant spirits which make life worth living.

How to Regain Strength And How to Keep It

The whole secret of regaining and keeping your energy is simply to give Nature a little help.

That is just what Lyko does—it tones up the whole system and keeps every function in normal working condition—and of course a body in which stomach, bowels, kidneys, liver, heart and other organs are working as Nature intended is a healthy, active body.

People in whose faces we see the signs of weakness or ill health, people whose digestion is out of order, whose livers are lazy, who are nervous and irritable, who pass sleepless nights or who are run down in general are simply amazed to see how quickly this splendid tonic acts to bring back their old-time vitality as well as the youthful appearance which health always gives.

A Remedy That Acts on the Whole System

The power of Lyko to give strength to a weak, emaciated body is due to the fact that it is prepared from pure, medicinal ingredients selected and compounded to have a beneficial action on the entire system.

One of its effects is that of a mild but sure laxative. As everybody knows, many ills begin with constipation and certain ingredients in Lyko keep the bowels regular in action, so that the body is kept free from poisonous waste matter.

Still another ingredient stimulates the action of the stomach, promoting the flow of digestive juices and thus aiding the assimilation of the food—and well digested food means bodily strength.

If the liver is torpid or if the kidneys are not behaving, Lyko exercises its beneficial action on them.

It also has a soothing effect on the heart and nervous system—it helps to overcome sleeplessness, to give clearness to the brain and to overcome nervous depression.

Easy to Know When You Need Lyko

No one can tell better than you yourself when you need the help that Lyko can give.

If you have indigestion, an over-full feeling after eating, heartburn or gas on the stomach—if your tongue is coated, your breath foul, and you are constipated, if you feel bilious, dizzy, look sallow and feel throbbing pains in the temples; if you have kidney pains, palpitation of the heart, if you are nervous and restless, let Lyko put you right again.

If you feel "all in," if you have lost the energy to hold your own among active men and women, get your system in working order. That "tired feeling," that lack of vim means simply that you need the help of this pure, beneficial tonic.

Let Users Tell You What It Did For Them

You need not take our word for Lyko's power to restore your old-time vigor. The best evidence comes from those who have used it—from people who would have no object in praising it unless it had actually helped them.

He is Sixty-Seven—But Feels Like Forty

"I was terribly run down, nervous and had no energy," writes John Voelker of St. Louis, "but I now feel like a new man. Am sixty-seven years old, but since taking your medicine, feel like forty."

This Man Found Relief At Once

"I was subject to constipation, my kidneys were out of order and I was run down and so nervous I could hardly get along. I was advised by my physician to try Lyko. I got relief at once," is what H. Sledge of Mississippi reports.

Could Not Eat—He's Now Well

Walter Schultz of San Francisco says: "For many years I tried everything to build me up. I was run down in health, could not eat, my condition was very bad. A friend recommended Lyko. Today I am a happy man. I have got my health back."

Mr. Murray Could Hardly Walk—Now at Work

Mitchell Murray, well known in northern Missouri, writes: "When I began to take Lyko I was so weak I could hardly walk across the room. Now I am able to do a pretty fair day's work and my neighbors are surprised at the effect."

This Man Found Lyko Great for Digestion and Liver

Mr. W. L. Lawler of Alabama says: "This is one of the greatest tonics for vitality, digestion and liver trouble—a general rebuilder for run-down persons. It made me an entirely new man at 55. I feel like I am only 30 years of age today."

Lyko Helped His Wife

An Oklahoma man, Mr. Gallion, tells about the help Lyko gave his wife after other remedies had failed. His letter says: "The wonderful relief Lyko has given my wife. She has been taking all kinds of medicine which did no good. I saw Lyko advertised and got it and it is doing her lots of good."

He Gained 17 Pounds

Mr. Johnson, resident of Kansas City, was amazed at the way Lyko built up his run-down constitution. He says: "When I began taking Lyko I was thin and gaunt, weighed only 150 pounds, and felt a great lack of 'pep.' Now I weigh 167 pounds, am full of energy and never feel tired."

Was Tired and Nervous—Now in Fine Shape

H. Jenkins, of Chicago, is another to whom Lyko has meant renewed strength and vigor. The following is from his letter: "My business keeps me closely confined to the office and at a desk all day long. As a result my system became all clogged up. I was always tired, rested poorly at night and grew nervous and irritable. I began using Lyko and now I am in fine shape again, feel cheerful, and am able to do much more work without fatigue or nervous strain."

Says It is Tonic for Stomach and Bowels

J. D. Miller of Chicago writes: "We have been using Lyko in our family and find it the best tonic for stomach and bowels we have ever used."

Helped Him to Get Strong

Dean Gill of Mississippi says: "I have been bothered with weakness, nervousness and loss of appetite and Lyko is the only thing that has done me any good."

You, Too, Can Brace Up

Your body is much like a machine. It is made up of parts which must all act in harmony if you are to keep in good health just as all the parts of a machine must work together if it is to do its work properly.

You know what happens to a machine when some screw gets loose, or the oil gums, or a gear goes out of mesh—it either doesn't work at all or it doesn't work right.

So with your bodily functions—when even one of them gets "out of line" all the rest suffer. A little constipation, a liver that has become lazy, kidneys that are not functioning as they should, a stomach that won't digest all the food—let one or more of these happen with you and you soon feel "all out of sorts," and if the difficulty is allowed to go on, you begin to feel old, tired out, lacking in the "pep" and vim which only perfect health can give.

Try Lyko, Now

Don't remain in a run-down condition. If you are not feeling strong and well, don't say to yourself, "Oh, I am under the weather today, but I'll soon be all right again."

You can't hold your own in the battle of life unless you are in a fit condition all the time. To let yourself run down is to lose your fighting force; it is to be and to appear lacking in vigor and personality. And without every nerve and muscle and organ strong and active you have less resistance against the attacks of disease. The very day you realize that you are not right up to par, give Lyko a chance to help Nature to bring you back to your normal condition.
